CORPORATE OVERVIEW

With 12+ years of experience in emergency management, RKlean specializes in disaster recovery services, including administration, planning, monitoring, and scheduling. Operation is based out of Georgia and Upstate South Carolina. Our proprietary **RapidRestore Support system** streamlines every step of the process, from assessment to completion, making us an environmentally responsible and trusted partner in times of crisis. Our team is equipped with bucket trucks, skid steers, excavation equipment, and expert crews for tree removal, debris monitoring, land leveling, and general labor support.

Our consultancy and emergency management services include public relations, crisis management, strategic planning, strategic partnering, media relations, and stakeholder engagement.

We also offer professional services such as training and development, coaching, and executive search services. Our team of experts is dedicated to helping clients achieve their full potential by providing them with the tools and resources they need to succeed.
